'Sock Hop', Skiing, Fun All Part Of Winter Weekend

by Joe Guilfoyle

Last week's snowstorm has set the scene for St. Michael's Winter Weekend on Feb. 8-10. This weekend will be literally crammed full of all types of winter fun.

A skating party Friday night from 7 to 9 will kick off the slate of events. Tnis will be followed by a "sock hop" until 1 A.M. The atmosphere will be informal, with plenty of dancing contests, limboing and the like. The music will be provided by the Starfires and SMC's Coachmen.

On Saturday, the emphasis will shift to the activities for the rugged sportsman and the rugged spectator, in the form of our intercollegiate ski meet. St. Michael's ski team will play host to Yale, West Point, Colby, Syracuse, McGill, Bowdoin, UVM, Carleton, University of Maine and Colgate. The jumping and cross-country events will be held at St. Michael's in the morning. The slalom and downhill contests will be run off at Spruce Peak in the afternoon.

In addition to the organized competition, there will be ample opportunities for individual skiing, sightseeing or just plain relaxing at Spruce Lodge watching the ski meet, or at the Town and Country Motel which will provide a 4-piece band.

Saturday night will see the Knights host Stonehill College at Memorial Auditorium. Admission to the game is included in all weekend tickets. After the game, the Sophomore class will sponsor a dance.

Following Mass and brunch in Alliot Hall on Sunday morning, there will be the official judging of the snow sculptures. These works of art are being constructed by teams from each class, with an eye towards points for the interclass tropy.

Barring a thaw, the 1963 Winter Weekend promises to be one of the most fun filled times of the year.

Bob Parker Named New Cadet Colonel Of ROTC

Cadet Colonel Robert W. Parker of Cadyville, New York, has been selected to command the 865th AFROTC Cadet Wing at St. Michael's.

Cadet Colonel Parker will assume the responsibilities of the command during the second semester, succeeding Cadet Colonel William E. McMahon, Fall River, Massachusetts, who held the position during the first semester.

Robert Parker

Cadet Colonel Parker previously held the position of Personnel Officer on the Wing Staff.

Cadet Parker has been designated as a Distinguished Cadet because of his excellent conduct and performance in AFROTC activities thus far. The selection as a distinguished cadet carries with it a high probability of being commissioned as a Regular Air Force Officer, the same type commission rendered Air Force Academy graduates.

Cadet Parker intends to enter the Air Force later this year as an Intelligence Officer and a professional career officer.

Comic-Opera To Be Performed Sunday Evening In Playhouse

Sunday evening at 8:00 in the Playhouse the Music Department of St. Michael's College will present Pergolesi's comic-opera, "La Serva Padrona (The Maid-Mistress)," with scenery, staging, and an orchestral accompaniment.

The event, first of its kind presented during the academic year here at St. Michael's, will be free and open to the public. It should be of special interest to students because of the participation of four members of the student body in the production.

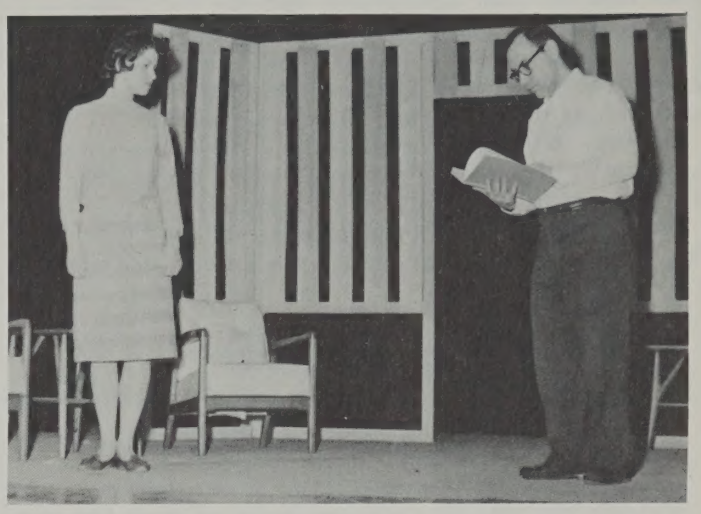
The story, which is about an hour long in presentation, concerns the connivings of a young lady, Serpina, who is the maid to a wealthy old bachelor, Uberto. Her ambition is to become his mistress. Aided by a devoted friend, Vespone, who is one of Uberto's servants, Serpina attempts to catch her prize, and in doing so exhibits a wide variety of female tricks intended to win over the unsuspecting male. The story gets lively--in fact, a special request calls upon the audience to keep the aisles clear since they are needed by the actors as the plot unfolds.

The part of Serpina is taken by Martha Kane Tortolano, who, in addition to fulfilling her teaching duties, appears as a soprano soloist; she was recently heard with the Vermont State Symphony in its presentation of "L'Enfance du Christ."

Bernard Barbeau, a much sought-after baritone soloist who teaches voice at the New England Conservatory of Music and the Perkins Institute, will play Uberto. He is appearing in an opera for the first time with his former voice student, Martha Tortolano. The part of Vespone, the servant, is played by J. Edward Dery, a senior at St. Michael's and an officer in this year's Glee Club. His pantomime part is very humorous and is of great importance in the tale.

Mr. William Tortolano, Director of the Music Department, conducts the opera and directed the staging. He is assisted by Mr. Donald Rathgeb, an assistant professor of drama and speech at St. Michael's, who arranged the scenery and handled the technical aspects of the production.

Stage managers for the performance are two students, John Veillette and Mark Walsh. The electrician, Thomas Munn, a freshman, has been very active in summer stock presentations, and next summer will be at work in New York's Radio City Music Hall.



Mrs. William Tortolano and her husband, William Tortolano, during rehearsal time. *(Photo by Larry Dugan)*

Mr. Tortolano in October was guest choral conductor for the Rhode Island All-State Music Festival. On October 26th he directed a 150-member chorus of students of various high schools, presenting music by Vivaldi and Bach; by Gershwin (excerpts from "Porgy and Bess"); and a Negro spiritual, "Elijah Rock." An LP recording of the concert has been made by Handel Music Co. of Boston. Mr. Tortolano was the first Rhode Islander to guest conduct the Festival, which in October presented its 25th annual concert.

More Foreign Students Arrive

by Jim McMahon

This week saw the arrival on campus of the year's second division of students participating in the English for Foreign Students Program here at St. Michael's.

Suddenly faced with the rather extreme climactic conditions prevailing in Vermont recently, many of the students, unprepared for the icy winds here on the Hilltop, made a quick trip to Burlington to purchase warm clothing.

In addition to Iran, Venezuela, Columbia, and Canada, countries already represented previously, the upcoming 16-week program is attended by students from Bolivia, Peru, Honduras, and Kuwait, an eastern Arabian sheikdom very important because of the wealth involved in its oil resources.

Also in attendance in the program are two priests from Italy, members of the Xavierian order, a missionary congregation, who will study English and continue to live in America.

In addition to the classes in various levels of English which the students will attend, they will participate in various events which have been planned. On February 5, about 20 of the students will be dinner guests at several private homes in Middlebury, and will then meet with the Rotary Club in Middlebury. On Feb. 10, they will travel to Montreal to view the Ice Follies.

Some of the students will take part in two panel discussions in March, presented at Mt. St. Mary's Academy and at Champlain College, intended to give them a chance to share with the audiences some of the culture and experiences of their native lands.

Chapel Ground Breaking Set For Spring

St. Michael's College will break ground this Spring for a new Chapel to replace the old one which has served since the College had fewer than 200 students. It now has 1000.

The chapel will be followed by a new library, according to St. Michael's president, Very Rev. Gerald E. Dupont, S.S.E, Speaking at the first of 20 President's Dinners arranged by alumni, Fr. Dupont made public a campaign for $1 million. This will cover the cost of the chapel, about $850,000, and provide a solid start for the erection of the library.

The Chapel will be located, according to the master plan, on ground adjoining Vermont 15, between Founders' Hall and Alliot Hall. It will be of brick and in keeping with the style of architecture envisioned by Freeman, French and Freeman, Burlington architects.

The present Library is a surplus wooden building, obtained from nearby Fort Ethan Allen after World War II. Although its staff and number of books are highly reckoned, the College is anxious to move into a fireproof building as soon as possible.

The Alumni Phase is the second of three phases toward realization of a chapel as the hub of our campus. The goal is for $1,000,000 and $300,000 of this goal will be shouldered by former Michaelmen through personal solicitation. The Alumni number about 2300.

The students themselves, each contributing $4 over 16 weeks, will dedicate a statue or another appropriate object in the name of their class. This, as other contributions, will remain as living reminders of their assistance in years to come.

The Chapel now in use, when converted, can be used for more classrooms in College (Jemery) Hall. The new Chapel will hold over 900 students or the whole student body and have 18 altars.

Another Opportunity

Do you know what "aggiornamento" means?

Or the three-fold purpose of the Vatican Council? These and many other questions were answered by His Excellency Most Rev. Robert F. Joyce, Bishop of Burlington.

Bishop Joyce was guest speaker Monday night as part of the induction ceremonies of Delta Epsilon Sigma, the Catholic Honor Society. The Bishop, 17 seniors, two juniors, three faculty members and two alumni were inducted into the Society. Our most heartfelt congratulations to the inductees.

We were not too surprised with the poor turnout for the lecture on a vital subject to all Catholics and Christians. Too often have we been disappointed with the indifference and apathy of the student body for cultural programs and lectures.

However, we are still hopeful that our students will sooner or later realize what they are missing and change their attitude towards these activities. Here's another opportunity.

The Music Department is sponsoring a comic, one-act opera Sunday at 8. Mrs. Martha Tortolano, Bernard Barbeau and one of our own students, Ed Dery, will participate.

We are positive that this opera will not be as tedious as Jiggs always seems to imply in the comic strips. And besides, it's free!

Guest Editorial

THOUGHTS UPON HEARING OF THE DEATH OF ROBERT FROST

A simple man was he - but magnificent; a small man was he - but a giant among his kind; a quiet man was he - but his words echo and re-echo throughout the land he loved. Indeed, he walked down the path less traveled; the path which follows the babbling brook of Spring, that lies dusty in the Summer sun, that tunnels through the brilliant hue of Autumn, that rests sublimely 'neath Winter's blanket.

With every step he took along this path, he brought to all of us the secret joys that only he could find. These he shared with us as a father with his children - unselfishly; pointing out the oft hid mysteries, taking our hand when we threatened to wander off the path; urging us gently forward with a wise twinkle in his eye. And when we did go astray a frown would form upon his ageless brow but quickly would disappear and be replaced by a warming smile which flashed a "welcome back" when we did return.

Down that path he strolled, recording its wonders with laurels heaped upon him by thankful men whose eyes were opened through *his* ever-searching eyes. However, all paths must end somewhere and thus with this one, the journey had to halt and now like Zaccheus in "Sycamore"

. . . he did
climb the tree,
Our Lord to see.

No doubt there will be those who will want to raise monuments to him - good people with good intentions. They will erect plaques and statues and buildings - but enough! It is not necessary nor sufficient.

Nature provides the plaudits more ably than mortal man, for who will not think of him upon hearing the rustling of the wind through spotted birches?

Who can paint a more glorious portrait or compose a more beautiful refrain than Autumn with her delicate brush and symphony of color? And what sculpture is able to create a more magnificent memento than the falling snow - crystalline flakes settling proudly upon each other in never-ending tribute?

Above it all, his words remain and the printed page will march through history - the greatest tribute to his achievement; the achievement of a blessed man; a man who selected a path and followed it that other men might see; a man who lived a dream.

- James E. Duncan -

To the Editor:

In last week's Michaelman, the editorial, "Integration Problems", aimed to "have nations and students united at St. Michael's." Besides the two suggestions given, namely participation in sports and accommodation in the fine dorms, there is another suggestion which would brighten the consequences.

If Americans find it hard to make friends who come in large groups, maybe an international organization would provide the medium. In such organization, both the foreign students and the American students would participate.

The members of the organization would meet the foreign students on their first arrival, show them around the campus, introduce them to the student body, to the college clubs and encourage their participation in them. The organization would discuss international affairs, and the obstacles which our foreign students might be facing.

The picture of America is portrayed abroad by the eyewitnesses. Let us take action.

FROM THE LILLY PAD

by Bob Lilly

The Dining Hall has been coming up with some improvements during the last week or so. Some minor and some major changes have been made, most for the best.

On the serving line, the improvements are evident. The menu division has also had some interesting changes, with Friday's buffet leading the list. The majority of the students present for that meal seemed to enjoy it.

It's now up to the students not to abuse these new changes. Let's not waste large portions of the buffet and let's refrain from taking over-sized portions back to our rooms for midnight snacks. It's tough on our advertisers, fellas.

* * * * * * * * * * * *

Now that exams are over, it's time for the different services to start sending their representatives to recruit faltering students. It seems that this is the time of the year that one is most susceptible to signing on the dotted line and agreeing to wear the uniform of the armed forces.

* * * * * * * * * * * *

Not many undergraduates know of the accomplishments of one Ned O'Gorman, an alumnus of the Class of '53. While at St. Michael's he was in Delta Epsilon Sigma, Editor of the Lance, a fore-runner to The Quest, and was known for his drive and acting ability. Since his graduation he went on to become one of the leading young poets in America and has had two books published, "The Night of the Hammer" for which he received the Lamont Poetry Selection and "Adam Before His Mirror". He attended Columbia University and received a Guggenheim Fellowship for Poetry in 1956. He is also a roving editor for "Jubilee" Magazine. In the light of the Bishop's talk, see his coverage of the Vatican Council in December "Jubilee".

* * * * * * * * * * * *

Rumor has it that a new organization has been formed on campus known as Michaelmen for the Advancement of Budweiseriesm, shortened to MAB. A constitution is being drawn up as is a charter and three objectives have been outlined, among them the advancement of Budweiserism on campus and in the Burlington area. Negotiations are underway to become affiliated with the Anheiser-Busch Company in New Jersey. Further details may be obtained from Lyons Hall 211.

* * * * * * * * * * * *

There seem to be two areas on this campus where it is difficult to find any interesting tidbits. They are the Brothers' residence across the road and the Priests' lounge in Alliot Hall. One has heard, however, something of two brothers becoming very confused (some would call it lost) while hiking in the mountains but conclusive evidence is lacking.

To the Editor:

Allow me to take this occasion to express my gratitude and congratulations for the excellent editorial on "Integration Problems" which appeared in your January 26th issue, and for your enlightened cooperation in circulating the "Special Peace Corps Supplement" in your January 19th issue.

Church Always Needs Reform, Renewal, Says Bishop Joyce

by Bob Lilly

On Monday evening, January 28, His Excellency Bishop Robert F. Joyce, D.D., of Burlington, was inducted into the Delta Epsilon Sigma scholastic honor society.

Doctor Armand Citarella and Professor George Fortune, and Brother Thomas Farrell, F.I.C., president of Walsh College in Canton, Ohio, were also inducted at the five o'clock ceremonies.

Following the induction, those receiving the honor and their guests repaired to the Lincoln Inn for dinner and then travelled to the Playhouse to hear the Bishop's talk on "some aspects of the Ecumenical Council."

Bishop Joyce was introduced by the Very Rev. Gerard E. Dupont, S.S.E., president of Saint Michael's College. Following the introduction, His Excellency outlined his topic, stating that there were two main subjects under study at the Council, reform and renewal.

The word, reform, he said, is not a word of which we should be afraid, stating, however, that it is a natural thing to fear it. "Who among us likes to admit that we need to reform?" he asked the audience, but went on to state that "if we are honest we are going to acknowledge that there are needs to form."

Unity is another objective of the Council. Because the renewal and the reform of the Church is from within, it will attract people simply by its innate beauty. He explained, however, that there "would not be any change in Doctrine or morals."

He pointed out that we will not see unity in the near future but that now a different climate exists between Protestants and Catholics. It is God's work, he commented, and God can bring about unity in ways that we cannot imagine.

The president of Walsh College (Canton, Ohio), Brother Thomas Stephen Farrell, F.I.C., was among those 25 honored by Alpha Nu Chapter of DES.

Mr. Daniel F. MacDonald, left; Most Rev. Robert F. Joyce, center; and Very Rev. Gerald E. Dupont, right. (Photo by Larry Dugan)

Brother Thomas has both his bachelor's and master's degrees from St. Michael's. He and Bishop Joyce were inducted as alumni members of the Catholic honor society. New faculty members are Dr. Francis L. Broderick of the summer session faculty and Phillips Andover Academy; Dr. Armando Citarella of the Classics Department and Associate Prof. George A. Fortune of the Department of Economics and Business Administration.

Seniors inducted were:

Michael B. Armstrong, Biology, Winchester, Mass.,

Charles R. Burke, Biology, Claremont, N.H.,

Joseph T. DeGrinney, Biology, Arlington, Mass.,

Richard R. Drake, History, Chicopee Falls, Mss.,

Ronald R. Ellig, Economics, Rutherford, N.J.,

Robert H. Hoehl, Mathematics, Teaneck, N.J.,

Robert M. Jacon, History, Cohoes, N.Y.,

Richard L. Michaud, Biology, Auburn, Me.,

John F. Olio, Business Administration, Burlington, Vt.,

Bard O'Neill, Business Administration, Poughkeepsie, N.Y.,

Douglas W. Parrillo, Biology, Johnston, R.I.,

James F. Pawlowski, Mathematics, Portland, Conn.,

Richard W. Powers, Government, Leonia, N.J.,

Thomas K. Roney, Mathematics, Burlington, Vt.,

Thomas N. Schappert, Business Administration, New York, N.Y.,

Dominic E. Vinciguerra, Biology, Methuen, Mass.,

Francis J. Yakoboski, History, Culberton, N.Y.,

New juniors are:

Joseph C. Guilfoyle, English, Port Washington, N.Y.,

Paul B. Simmons, Government, Portland, Me.

The two seniors inducted as juniors last year are Patrick G. Boisvert, Beebe Plain, Vt., and Paul E. Bonnette, Burlington, Vt.

At the induction ceremony in chapel, Benediction of the Blessed Sacrament was celebrated by Rev. Dr. Eugene Alliot, S.S.E., former president of St. Michael's.

Special music was prepared by the choir under the direction of William Tortolano.

Library Has $500 Grant

A grant of $500.00 has been awarded to St. Michael's College by the Association of College and Research Libraries, a division of the American Library Association, it was announced recently

The grant made to the St. Michael's College Library was one of 70 selected from among 294 applications.

The ACRL Grants Program was initiated in 1955 with a grant of $30,000 from the U.S. Steel Foundation. The program, directed to the general needs of all colleges and universities, is designed for improving the *quality* of *library* service to higher education through fundamental research in librarianship and otherwise aiding in the best use of the most modern teaching and learning materials.

The St. Michael's librarian, Very Rev. Vincent B. Maloney, S.S.E., said that the grant will be used for an additional microfilm reader and other equipment needed by the 1000 students.

Yearbook On Schedule; Alger Aims At May Date

by Jerry Fox

The production of the 1963 yearbook is proceeding rapidly. Under the direction of the Editor-in-Chief Ed Alger, the first major deadline has already been met and work is ahead of schedule.

Just prior to Christmas vacation the staff had completed the Introductory, Senior and Faculty sections of the book. They are now pressing hard to finish the Advertising section and portions of the Sports and Informal parts which are due on February 10.

This year's book will show a marked change from the one issued in '62. Mr. Alger related that they are adding almost seventy pages to return its size to 184 pages.

One of the main reasons for this increase is the large Informal section which will augment the book. A novel touch is planned for the senior class. They will be given the opportunity of having their yearbooks personalized. A colorful flash will be affixed to the '63 annual with the introduction of a technique called the Duotone Divider Page.

Many other innovations will not be made known until the release of the book to the student body. Another interesting point is that this year's Business staff has increased advertising revenues by more than a thousand dollars, Alger said.

A new phase will start Wednesday when photographers will begin to take pictures of the clubs and organizations on campus. The officers of these organizations are already preparing the write-up forms which are due shortly.

Alger says that if progress continues at this rate, the 1963 yearbook should reach the student body in May. Last copy in will cover the basketball season.

Letters To The Editor

To the Editor:

With all due respect to the fine talk given by Dr. O'Brien last Tuesday evening (January 29), I strongly feel that the Knights of Columbus have slighted the public which it invited to this all campus activity.

I am sure that it would not have overburdened the finances of the Knights to have opened the refreshment session to all who attended. It has been the policy of organizations sponsoring such events to provide refreshments to all.

I feel that an apology is in order to those who attended. Let us hope that in the future such cliquishness will be avoided.

Kevin St. John
Class of '64

Another letter on page 4.

Nassau Drawing Next Saturday

The Junior Class is now in the process of selling chances on a FREE Seven Day Cruise to Nassau for Two. Unlike most events of this kind, the trip is not limited to the off season, but may be taken on any number of dates during the coming year.

If the winner is not able to take the cruise he will be awarded the cash value of the trip.

The drawing will take place on February 9th, during the halftime of the Stonehill-Saint Michael's basketball game. The ticket sales will officially end on January 31st but returns will be taken until February 6th.

Each Junior has been asked to sell a minimum of five books. The person who sells the most books will receive an expense free Junior Weekend. This will include the following expenses; ticket, motel, meals, tux, flowers, and spending money.

According to Jim Salmon and Ed Roman, co-chairmen for this event, the ticket sales have only been "moderately successful" thus far. It is hoped that the members of the faculty, staff and student body will realize this fine opportunity to win a wonderful prize, by purchasing tickets from the booth in Alliot Hall.

Tickets may be purchased from any member of the Junior Class for just 50¢. A book of 5 tickets may be purchased for the very low price of $2.00. Don't wait! Yours may be the winner.

On Campus with Max Shulman

(Author of "I Was a Teen-age Dwarf", "The Many Loves of Dobie Gillis", etc.)

CALPURNIA, HERE I COME

Now, as the college year approaches its mid-point, one fact emerges clearly: you are all going to flunk everything.

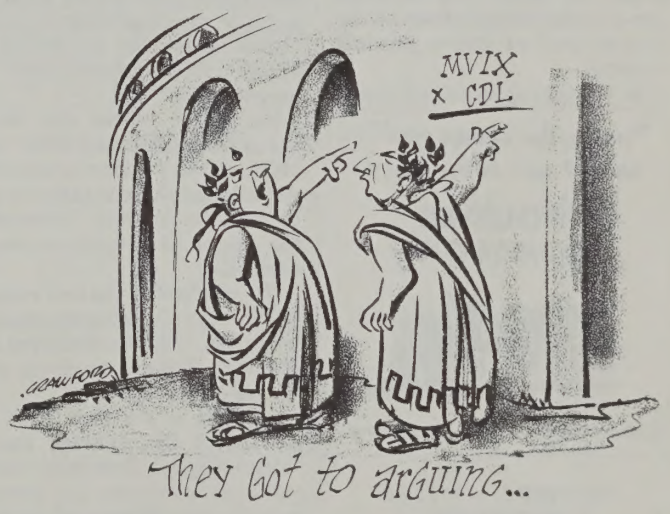
There are two things you can do about it. First, you can marry money. (I don't mean you marry the money *itself;* I mean you marry a *person* who has money. Weddings between people and currency have not been legal anywhere in the United States since the Smoot-Hawley Act. Marlboro Cigarettes, on the other hand, are legal everywhere and are, indeed, smoked with great pleasure and enthusiasm in all fifty states of the Union. I bring up Marlboro Cigarettes because this column is sponsored by the makers of Marlboro, and they are inclined to brood if I omit to mention their product.)

But I digress. I was saying you can marry money but, of course, you will not because you are a high-minded, clean-living, pure-hearted, freckle-faced American kid. Therefore, to keep from flunking, you must try the second method: you must learn how to take lecture notes.

According to a recent survey, 123.6% of American undergraduates do not know the proper way to take lecture notes. To illustrate this shocking statistic, let us suppose you are taking a course in history. Let us further suppose the lecturer is lecturing on the ruling houses of England. You listen intently. You write diligently in your notebook, making a topic outline as you have been taught. Like this:

I. House of Plantagenet.
II. House of Lancaster.
III. House of York.

Then you stop. You put aside your pen. You blink back a tear, for you cannot go on. Oh, yes, you know very well that the next ruling house is the House of Tudor. The trouble is you *don't* know the Roman numeral that comes after III.



(It may, incidentally, be of some historical interest to point out that Americans are not the only people who don't know Roman numerals. The Romans didn't know them themselves. I suppose they could tell you how much V or X were or like that, but when it came to real cuties like LXI or MMC, they just flang away their styluses and went downtown to have a bath and take in a circus and maybe stab Caesar a few times.

(You may wonder why Rome stuck with these ridiculous numerals when the Arabs had such a nice, simple system. Well sir, the fact is that the Emperor Vespasian tried like crazy to buy the Arabic numerals from Suleiman the Magnificent, but Suleiman wouldn't do business—not even when Vespasian raised his bid to 100,000 gold piastres, plus he offered to throw in the Colosseum, the Appian Way, and Charlton Heston.

(So Rome stuck with Roman numerals—to its sorrow, as it turned out. One day in the Forum, Cicero and Pliny got to arguing about how much is CDL times MVIX. Well sir, pretty soon everyone in town came around to join the hassle. In all the excitement, nobody remembered to lock the north gate and —wham!—before you could say *pecca fortiter*, in rushed the Goths, the Visigoths, and the Green Bay Packers!)

Well sir, that's the way the empire crumbles, and I digress. Let's get back to lecture notes. Let's also say a word about Marlboro Cigarettes. The makers would be *so* pleased! And is it not fitting that we should please these honest tobacconists—these fine men, fond of square dancing, water sports, protein, and tattoos—these tireless perfectionists who spend all of their days trying to please us—searching everywhere for the best of all possible tobaccos, aging them with patience, blending them with tender, loving care? Marlboros are available in soft pack and flip top box. You will find XX cigarettes in each package.

WSSE Programming Revised

On February 4, WSSE will begin broadcasting with a professional quality transmitter which is expected to provide complete radio coverage to the students here on the Hilltop.

Along with the installation of the new transmitter will come several changes in the program schedule. Mike John, recently aapointed Program director, had this to say about the new programming,

"The purpose of college radio, in its broadest sense is to serve, educate, and inform the students while at the same time, maintaining as nearly as possible, professional radio standards and practices. The primary points of the new schedule will include a greater emphasis on immediate and complete information and coverage of campus activities along with music of a popular nature."

The broadcast day of WSSE will be extended to nine hours of music and information each day. It is expected that this increase of broadcasting time will make possible a greater flexibility of programming, more complete and up to date coverage of campus events and a more intensive concentration on the musical programming that will be heard on WSSE.

If this extension of the broadcast day is successful, it is probable that WSSE will make even further extensions of its air time. The student disc jockeys will now be running two hour shows instead of the previous one hour, in an attempt to provide a smoother continuity throughout the broadcast day.

STUDENT FORUM

by Bill Eagan

The major point of business for this week's meeting of the Student Forum was the allotting of the club budgets. This went more smoothly than usual with only one exception. The exception was the budget of the Politics Club.

The Politics Club budget was objected to because of its size. A trip to Washington, D.C., made up the bulk of the request for this semester. The money was allotted after a short recess and a short discussion.

The request for financing a trip set off a quick reaction. Mr. Bergin directed the Finance committee to look into the problem of the club trips. Mr. Joe Hogan moved that the Forum allot half of the money for all trips and require the clubs to provide the other half. This motion was postponed until the Finance committee made its report.

The other campus clubs were given their budgets substantially as they had been submitted.

NEW BUSINESS

The new Food Committee, represented by Mr. Bob McGee, reported the complaints of the student body are being ironed out. There is a definite feeling of cooperation with the authorities and all future complaints should be referred to the Food Committee.

Mr. Don Cipriano moved that the Junior Class be allowed to hold a dance on Feb. 15 after the UVM game, pending investigation by the Student Welfare Committee. The motion was passed.

The Student Welfare was asked to undertake another investigation by its chairman Mr. Joe Hogan. Mr. Hogan said that he felt that the Snack Bar needed investigation much more than the Dining Hall. The situation in the Snack Bar is badly in need of revision, he said, and if this action has the results of the action with the Dining Hall, it will definitely be a step in the right direction.

Mr. Paul Simmons moved that the Forum appropriate $25 to provide transportation for the Michaelman editor to the Annual College Newspaper Editors' Convention in New York. This motion was passed without dissent.

Pre-Marital Sex Hazards Cited By K of C Lecturer

by Nuncio Sampieri and John Purgar

At a lecture sponsored by the Knights of Columbus, Tuesday evening in Austin Hall, Dr. Robert E. O'Brien spoke on "The Medical Aspects of Pre-Marital Sexual Relations".

Dr. O'Brien, speaking from a medical point of view, said that a person should refrain from pre-marital sexual relations for physiological as well as physical reasons.

In attempting to put the overflow crowd at ease, Dr. O'Brien commenced his talk with words of wit. He then proceeded to list two of the most dangerous situations leading to heavy petting with the risk of unintended intercourse; (1) the use of alcholic beverages on dates and (2) "going steady".

He pointed out that "Just as a couple should not pet unless they intend intercourse, so also, a couple should not attempt intercourse unless they are willing to accept the responsibilities of pregnancies."

He further states that there are no contraceptives which are 100% effective against pregnancy. Actually they instill a false sense of security thereby increasing the danger of illegitimate pregnancies.

To emphasize the evil resulting from pre-marital sex experience, Dr. O'Brien discussed the physical hazards involved; that of venereal disease.

Arriving at the main topic of his speech Dr. O'Brien stated "Psychological disorders ranging from psychosis and severe nervous breakdowns to chronic anxiety, feeling of guilt and shame are extremely common as a result of pre-marital sexual relations.

Stressing the necessity of refraining from early sex experiences, Dr. O'Brien points out that early illicit sex relations tend to cause serious emotional conflicts which are harmful to the development of an adolescent.

In conclusion he states "the only generally agreed upon benefit from pre-marital sexual experience is the pleasure of the moment. I would remind you that the pleasure is very fleeting --- the hazards are long term."

Letter To The Editor

To the Editor:

I would like to take this opportunity to publicly thank the diector of food services, Mr. Edward F. Donohue, for his recent efforts to make the dining hall food palatable. He has undertaken a most commendable job. I am sure that the changes he has effected are well received by the overwhelming majority of the student body. We have much to look forward to in the line of good food; but we are confident that Mr. Donohoe can accomplish the task.

It is unfortunate that we have only too late come to the realization that Mr. Donohoe is on our side. We know now that he was sincerely unaware of our discontent. It's too bad that it took a mass demonstration to express our grievances; but at least we made it known that our every trip to the dining hall was not an epicure's delight. We felt that we had a legitimate gripe so we finally did something about it.

The Student Welfare Committee of the Forum has taken constructive steps to aid in the revamping of the dining hall menu to make it more pleasing to the students. It goes without saying that this is the proper way to accomplishing the job. This is what the students want.

It is a sad commentary on the senior class, however, that the seven elected class representatives voted against that measure which had the Student Welfare Committee look into the grievances of the dining hall situation. It's a good thing that the rest of the Forum had enough intestinal fortitude to see what must be done. Let it be known to all that these seven individuals were most certainly not representing the sentiments of their class.

Whatever reasons they had for voting against that motion (and they all had differing ones!), they did not have the consideration of their constituents in mind. Perhaps it's that they think that they are more capable of making decisions without consulting the feelings of the class. Maybe they think they are smarter than the rest of the class; or wiser; or more mature! Surely they must have something we don't have, because they certainly don't think the same way we do.

We seniors, like the juniors and the sophomores and the freshmen, are happy that something is being done for our benefit in the dining hall. We believe that the situation needed looking into. It's no thanks to our senior representatives that we are getting clean silverware or hot chocolate or poppy seed rolls. It's a good thing for them that they don't have to run for election again. Even they would admit that their chances are slimmer now that they exhibited their crass selfishness.

Once again, let me thank Mr. Donohoe for having the students' welfare at heart and commend him for his efforts. We really appreciate it.

And I suggest that the senior class representatives eat their hamburgers without tomatoes and with plenty of grease and use dirty utensils to eat with, also, since they din't think that there was anything wrong with the dining hall in the first place.

Sophs Advance In Intramural Basketball

by Tony Natale

The second round of the intramural basketball season got underway as the improving Sophomores easily defeated the winless Freshman by a score of 59-52.

Despite the apparent closeness of the score, the Sophomores had little trouble in disposing of the punchless Frosh.

Led by Mark Peacock's 13 point first half, the Sophs jumped into a commanding 33-18 halftime lead and at the end of three quarters Freshman trailed by as much as 25 points.

High point man for the Sophomores and for the ball game was Mark Peacock with 16 points while Joe Kliminski followed him with 14. Leading the Frosh in scoring was the intramural league's leading scorer, Bill Curtiss, who had 15 points.

The unpredictable Frosh who for the third straight time gave the Seniors a hard time still fell by the wayside by a score of 53-45.

The Seniors jumped off into a quick lead without much trouble as they led the frosh by 9 points midway in the second period. The frosh who were hustling all over the lot managed to close the gap at halftime to six points.

The Freshman, sparked by the fine play of Bill Curtiss, pulled to within three points with but five minutes remaining but once again the Seniors dug into their bag of experience and they managed to come out with a 53-45 victory.

High point man in the ball game was the Freshmen's Bill Curtiss with 26 points while Jim Dyer with 18 and the talented Joe Morgan with 17 paced the Seniors.

Meeting for the fourth time this year, the small but talented Seniors defeated the taller Junior team by a score of 60-57 in a well played ball game.

The Seniors who are well aware of the Juniors' powerful scoring attack wasted no time in jumping of to a 18-15 lead but the Juniors bounced right back to tie the score at halftime at 27-27.

The Seniors Gerry O'Neil who had done very little in the first half started to wield a pair of hot hands as he managed to fire five goals through the strings during the third period. By virtue of this, the Seniors pulled into a commanding lead and they held on for a well earned 50-47 victory.

Top scorer in the ball game was the Juniors Joe Mauceri with 17 points while Gerry O'Neil led the Seniors with 16.

In a dull encounter the Juniors easily defeated the Freshman by a score of 48-35. The Juniors who had a great height advantage made use of it as they toyed around with the punchless Frosh.

Coach "Zings" Saracco handled his team brillantly as he alternated his men throughout the game. As early as the third period, the Juniors had worn down the Frosh.

The ever improving Sophomoves just about knocked the Juniors out of contention for the second round title, by a score of 49-45.

With this win the Sophomores vaulted into a tie for first place and they established themselves as the team to watch.

The Sophomores paced by Joe Kliminski and Mark Peacock jumped off into an early 11 point lead only to have the Juniors peck away at it and finally take the lead with but two minutes remaining in the game.

John Goodrow, the Sophomove's 6'5" center, then skored four points along with a Mark Peacock hoop to earn themselves a well deserved victory.

The Sophomores were paced in the scoring scolumn by Joe Kliminski who had 17 and the slumping Juniors were led by Joe Mauceri's 14 points.

The Juniors seeking revenge for their tough loss to the Seniors found the Freshmen in their way and they readily ran over them by a score of 79-50. The Frosh who were never in the ball game fell behind quickly as the Juniors lashed out their offensive attack with little mercy.

With the score reading 39-25 at halftime, the second half turned in a wild offensive display as everyone sought to fatten their scoring averages.

Leading the scoring brigade was the Juniors' Chuck Rodgers with 20 points while Joe Mauceri followed with 18 points. The Frosh were paced by Billy Grace's 15 points.

Leading the Juniors in the scoring column were Stan Buczak and Joe Mauceri who had but eight points apiece. This bears well what the team stresses "balance". Leading the Frosh and pacing all scores were freshmen Keough and Smith who had 10 points apiece.

The Sophomores, looking for a picnic that just was not there, managed to sneak out a 66-58 decision over the hustling Frosh.

The Sophomores jumped into a quick five point lead only to have the Frosh manage to hang on and finally take a brief one point lead in the second half.

The Sophomores then inserted Dave McAndrew into the ballgame and Dave responded by firing in ten points and grabbing a number of rebounds to ice the ballgame.

The cause of the Sophomores was brightened considerably by the play of "Chick" Smith who had been shelved with an injury.

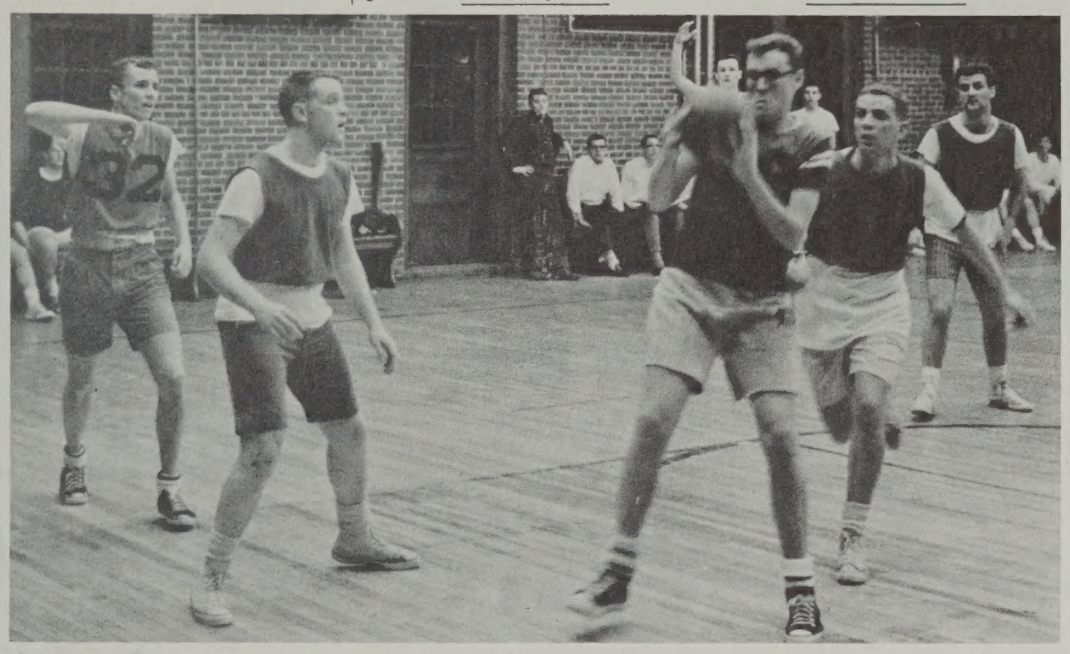
Leading scorer in the ballgame was the Sophomores John "Perry" Goodrow who had 23 points. Leading the Frosh was newcomer Donny O'Brien who had 15 and Joe Miller who had 17.

The Sophomores, riding on a four game winning streak, found the Seniors to their liking and they proceeded to run all over them by a score of 70-55. By virtue of this win, the Sophomores jumped into first place in the second round.

There never was any doubt as to the outcome of the ballgame as the Sophomores jumped into a quick 18 point lead and were able to maintain it throughout.

Despite the loss, the seniors can be attributed the longest field goal scored in the intramural season as Jimmy Dyer fired the ball the length of the court and it went through the net without a ruffle.

Every member of the Sophomore team was outstanding as it was a great team effort. Leading the Sophomores in scoring was Mark Peacock who had 18 well earned points. Leading the Seniors was speedy Richie Powers who had 15 points.



Sophomore Frank McKevitt gets a rebound in the Sophomore-Senior Intra-mural game. Others in photo are, left to right, Mike Hadlock (Soph), Dick Powers (Sr.), McKevitt, Tom Schappert (Sr.) and Joe Morgan (Sr.).

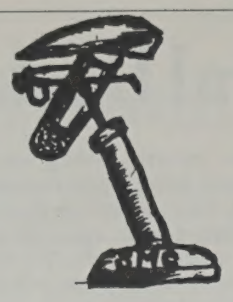
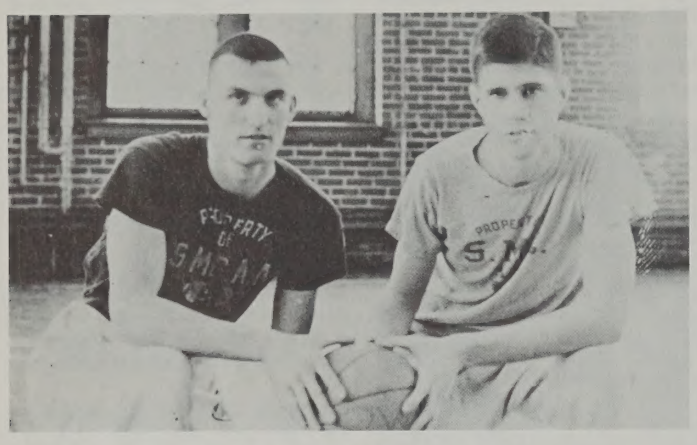
The Michaelman's Mike



by Mike Tranghese

''The Sophomores came to play'' - As I watched Sunday's night ball game between Saint Michael's and LeMoyne, the above mentioned statement was what I was thinking of as the Saints put on their stirring exhibition in defeating LeMoyne, 74-56.

Previous to taking the hardcourt the Purple realized that the end of their regional aspirations could conceivably come to an end if they were beaten decisively. More than anyone realizes, this was perhaps the toughest ballgame of the year to prepare for. Up until Friday each member of the ballclub was being pressured by exams and Sunday's night game was the farthest thing away from their thoughts. Everyone concerned with the team realized this and they knew a big effort would be necessary.



Ed Kryger (left and Dick Tarrant (right).

This ball game against LeMoyne would really test the ability of the ball club. When teams such as Saint Michael's come up against their major obstacles during the year, the so called youngsters of the team usually look back to make sure that the dependable veterans will be there to come through any tight spots.

The rest of the story is all in the past. Two young Sophomores who were supposed to lay back and depend on the abilities of the veterans just did not do so. They did the next best thing, did the job themselves.

The two Sophomores I am referring to are; Richie Tarrant and Ed Kryger. These two rookies forgot what is supposed to occur and went out on Sunday night and paced the ball club to one of their biggest wins of the year. Tarrant put on one of the greatest offensive displays to be seen in the Auditorium in a long while. Richie who missed 16 minutes of action because of foul trouble still managed 24 points.

This is even more remarkable when one looks at Richie's shooting percentage for that night, 68% (11-16).

The other half of the starting Sophomore twosome, Ed Kryger, also rose to the occasion. Eddie who scored 14 points also topped all rebounders with 14 and he did a masterful job of guarding LeMoyne's big gun, Dennis Flynn. Ed who stands at 6'4'' lacks the ability to really get way off of his feet but what he does through determination, hustle and positioning is a sight to be seen. Ed who overcame a preseason injury has instilled into the ball club a fighting attitude.

Previous to the LeMoyne game, no one doubted the ability of these two men but everyone was looking for the dependable veterans to carry the load. The veterans once again did come through but these two Sophomores took their share of the load also.

The Saints are now getting set to meet the powerful Greyhounds of Assumption and it is a great feeling to know that when the tight spot occurs during the ball game, there will not be three veterans + two rookies to handle the task, instead there will be five seasoned veterans.

Freshman Bow To Dartmouth

The Saint Michael's College freshman team under the guiding hand of Coach Ed Markey lost a heartbreaking 55-51 decision to the powerful frosh of Dartmouth Saturday.

Traveling to Hanover, the Squires were expected to offer little opposition to their bigger opponents but the Markeymen dug deep down and came out with a tremendous effort that just fell a bit short of a victory.

The first half of the ball game was nip and tuck as both units had the lead for a numerous amount of times. The score at half-time was 30-28 in favor of the Green.

Despite giving off an average of two to three inches per man, the Saints were holding their own off the backboards.

The second half saw Dartmouth pull into the lead midway in the final half and they were able to maintain it the rest of the way. The Purple chances for a victory were dimmed considerably when Billy Gaughan who had done a tremendous job off the boards, fouled out.

Leading the Frosh in the scoring column once again was guard Phil Taylor who had 26 points and who time and time again came through with the important baskets. He was followed by Billy Gaughan who had 12. High scorer for the Dartmouth Frosh was Don Roberts with 18

Skiers Open In Trial Meet

Two University of Vermont skiers and one from St. Michael's won the individual honors at the triangular practice meet held Saturday and Sunday.

The three-event meet, in preparation for St. Michael's participation in Paul Smith's College ski meet Feb. 1 and 2, was held at Jeffersonville and St. Michael's, with the participation of the University of Vermont, McGill University and St. Michael's.

Champlain College participated in the giant slalom only.

Clark and Grant of the University of Vermont won the giant slalom and the cross-country events, respectively. Colin Fitzsimmons of St. Michael's was the winner in the jump.

McGill University placed second in each of the three events while University of Vermont coped the third places in the events.

In winning the giant slalom, Clark posted a 1:16.0 record. Second was Corson of McGill and third Carnie of Vermont. The slalom was held Saturday morning at Jeffersonville.

The cross-country, held at St. Michael's Saturday afternoon was won by Grant of Vermont. He was clocked at 34:04. Mackay of McGill and Thurber of Vermont came in second and third, respectively.

The jump, also held at St. Michael's Sunday afternoon, was won by Fitzsimmons of St. Michael's. He accumulated a total of 136.4 points. His best jump was recorded at 79 feet. Second was Larrow of McGill and third Clark of Vermont.

After competing at Paul Smith's, St. Michael's will play host to the Eastern Inter-collegiate Ski Association Class B championship Feb. 9 and 10.

Knights Up Prestige By Defeating LeMoyne

The Saint Michael's College basketball team realizing that a win was necessary in order to gain recognition for the NCAA regionals, did just that by defeating a good LeMoyne basketball team by a score of 74-56 at the Burlington Auditorium, Sunday, the 27th.

The Knights played their best ball of the year in the opening half as they literally ran the Dolphins off the court. The Saints hit a fantastic 51% in this half and outrebounded their bigger opponents by 14 rebounds. With this fantastic first half exhibition, Saint Michael's left the floor at half-time with a 15 point advantage.

The first 10 minutes of the second half was a completely different story as LeMoyne caught fire and the Purple were unable to find the range. For a few brief seconds LeMoyne led by a single point midway through the final half.

Then Saint Michael's caught fire once again as they outscored LeMoyne 29-10 in the last 10 minutes of the ball game. They were paced during this stretch by the rebounding of Walt Baumann and Ed Kryger along with the clutch scoring of Richie Tarrant.

High scorer for Saint Michael's and for the ball game was Sophomore Dick Tarrant who had 24 points and who hit an amazing 70% from the floor. Richie was followed in the scoring column by another Sophomore Ed Kryger who had 14 points. Two other Saints also hit the double figure bracket, Fred Cerrato and Walt Baumann hit for 12 points apiece.

Leading the LeMoyne cause was Dennis Flynn and Ralph Yahn who had 14 points apiece.
